

PRODUCTSPECIFICATION

ABUS High Security Ground Anchor

The ABUS wall anchor is made from hardened alloy steel and design to match the security rating of the best padlocks and chains to create a Thatcham Approved and Sold Secure Gold rated product. It is drill and saw resistant with a huge 16mm shackle.

The anchor comes with all necessary fixtures and fittings but you will require a heavy duty drill to secure it to masonry or a concrete floor. Note that this is a very substantial product so please see the images below.

This product is ideal for securing valuable machinery and motorcycles. It can be attached to the floor or a wall and used in conjunction with a steel chain.
